West Creek Capital

Hello !

It is my pleasure to welcome you to ATMTC Academy. I invite you to explore the outstanding educational theater opportunities and high quality musical theater training the Academy offers for students from Pre-school to Grade Twelve and into adulthood.

Our award-winning offerings include pre-school play labs, creative drama, dance, voice, acting, student productions, summer programming and the Pre-Professional Program. These exceptional experiences educate and inspire new generations of artists. Our primary goal at the Academy is to provide a positive experience for students with musical-theater aspirations through our intensive upper level programs and a relaxed and fun atmosphere for those who simply enjoy participating in the arts.

ATMTC Academy creative drama, theater and training programs take place on two locations: Historic Glen Echo Park and Wintergreen Plaza.

The Academy is proud of its rich academic offerings that complement the Maryland State Voluntary Curriculum, CORE and National Fine Arts Standards, providing a challenging outlet for students to develop the skills necessary to be successful performers - including self-discipline, teamwork, problem solving, and self-confidence. ATMTC Academy Alumni have numerous Broadway, national tour, TV and film credits. Visit [our alumni](#) page for more information.

### A Recognized Name in Theater Education – Unique Opportunities

– Our creative drama play labs and classes designed for Grades PreK-3 are the perfect opportunity for young people to explore the worlds of song, dance and drama in a nurturing, positive environment.

– Our studio classes for Grades 4 and above are the right choice for students who enjoy the art of theater and musical theater and wish to balance their hobby with other out-of-school time activities and talents; or to supplement and prepare for a more serious training track up and through high school.

– Our Pre-Professional Program provides serious and talented students the opportunity to work with a dynamic faculty in order to gain training across all disciplines of musical theater. The Pre-Professional Program prepares our students for continued education opportunities and a prosperous career in the theater.

ATMTC Academy is an amazing place for aspiring musical theater artists. I invite you to come see for yourself: visit both of our locations, speak with our staff and talk with our students and parents -any of us would be happy to assist you! Please feel free email us at [registrar@adventuretheatre-mtc.org](mailto:registrar@adventuretheatre-mtc.org) or call 301-251-5766.

Kathryn Hnatio Vicere  
Education Director, ATMTC Academy
